Casual elegance is the hallmark of this new two-story home design. The first floor features a formal living room off the foyer. In the rear of the home, the Great Room flows effortlessly to the breakfast room and kitchen in an open-plan design. The second floor features a luxe owner's suite with a private bathroom and large walk-in closet as well as three secondary bedrooms, all with walk-in closets. The roomy unfinished basement offers options for a recreation room, additional bedroom and full bathroom.
